As the original purchaser of our branded products, you receive a 10-year warranty on the material and surface condition, functional reliability and high standard of workmanship of all products under our BRILLIANT TOOLS brand in accordance with the quality and test specifications valid at the time of delivery.

The warranty includes the statutory 2-year warranty, only applies to new goods and is non-transferable.

The warranty does not affect statutory warranty claims, such as those concerning supplementary performance, rescission or compensation for damages.

Warranty terms and conditions.

The warranty shall be fulfilled through, at the warrantor's choice, repair or subsequent delivery and shall not be suspended nor interrupted through the performance of services, i.e. the warranty shall end ten years after the delivery date.

Proper transportation, assembly, connection and use by authorised specialist staff are a mandatory requirement for the warranty to be valid.

The relevant installation, safety and operating instructions as well as the enclosed assembly instructions apply to all electronic components.

The warranty does not cover ten years of a new condition.

No liability is accepted for damage of any kind resulting from collection by the customer, overloading, operating errors or changes to the delivery state or consumables.

Products used for demonstration purposes are also excluded from the warranty, as they no longer conform to new condition due to use and demonstration effects. The statutory two-year warranty applies and we recommend documenting signs of wear before the transfer of risk.

Material defects are generally repaired by the trade partner and only on presentation of the purchase agreement.

The following are not covered by the warranty:

- ❖ Normal and natural signs of wear
- ❖ Wear caused by excessive or improper use
- ❖ Damage that occurs through normal and natural wear during use by the purchaser
- ❖ Improper modifications by unauthorised persons
- ❖ Improper exposure to heat, moisture, liquids or care products
- ❖ Damage caused by pointed, sharp, hot or wet objects
- ❖ Environmental factors such as extreme dryness, humidity, light or temperature
- ❖ Intentional destruction, misuse, overloading or accidental damage
- ❖ Damage and soiling caused by heat sources or weather
- ❖ Discolouration caused by medication ingredients (toxic reaction)
- ❖ Any changes caused by substances containing acid, solvents or alcohol
- ❖ Unsuitable cleaning, repair or improvement attempts
- ❖ Moisture damage caused by standing water or condensation not being removed
- ❖ Characteristics typical of the product that do not constitute material defects

GARANTÍA DE 10 AÑOS INFORMACIÓN IMPORTANTE

Le rogamos que conserve toda la documentación en un lugar seguro, ya que constituye parte integrante de su contrato de compraventa.

Como comprador/a original de nuestros productos de marca, usted disfruta de una garantía de 10 años en el material y el acabado superficial, la seguridad durante el uso y el acabado profesional de todos los productos de nuestra marca BRILLIANT TOOLS, con arreglo a las disposiciones de calidad y ensayo aplicables en el momento del suministro.

La garantía es una garantía intransferible que incluye la garantía legal de 2 años y que se ofrece únicamente a los productos nuevos.

La presente garantía no afecta a derechos de garantía legales tales como los de subsanación, rescisión ni compensación por daños y perjuicios.

Condiciones de la garantía.

Según el garante considere oportuno, las reclamaciones en virtud de la garantía se resolverán mediante reparación o sustitución; los servicios prestados no supondrán la prórroga ni suspensión de la garantía, es decir, el periodo de garantía finalizará a los 10 años contados desde la fecha de entrega.

La garantía está condicionada a un transporte, construcción y conexión correctos del producto y a que este sea utilizado por personal especializado y autorizado.

Para todos los componentes electrónicos, se aplican las disposiciones de instalación, instrucciones de seguridad e instrucciones de uso relevantes, así como las instrucciones de montaje adjuntas.

La garantía no supone que el producto se encuentre en un estado equivalente a nuevo durante 10 años.

Se rechaza toda responsabilidad por daños de cualquier tipo causados por recogida propia, sobrecarga, manejo inadecuado o alteraciones respecto del estado en el momento de la entrega, o bien debidos al material fungible.

Quedan excluidos de la garantía asimismo los productos de exposición, dado que ya no presentan el estado de un producto nuevo debido a su uso y al efecto de las demostraciones. En este caso, se ofrece la garantía legal de 2 años, unida a la recomendación de documentar cualquier signo de utilización antes de la transmisión del riesgo.

La eliminación de los defectos tendrá lugar por lo general a través de un establecimiento autorizado y para su solicitud se deberá presentar el contrato de compraventa.

La garantía no cubre:

- ♥ Los signos de desgaste normales y naturales
- ♥ El desgaste debido a un uso excesivo o indebido
- ♥ Los daños causados en las instalaciones del comprador por el deterioro normal y natural
